

4705

SHAPER

A TRADITION OF INNOVATION™

FEATURING

- Interchangeable spindles
- Digital display of spindle height
- Micro-adjustable fence with full safety features
- 7.5 or 5 HP motor
- Massive cast iron table
- Cast iron dampening base

The Oliver 4705 Shaper uses an interchangeable quill assembly capable of handling 3/4" or 1-1/4" spindles. With a 4" spindle travel and cutter diameters up to 8" no job is out of the question. A newly designed dovetail system for the spindle height adjustment ensures

both accuracy and longevity with minimal maintenance. With the skilled woodworker in mind, Oliver put a lot of thought into its fence design. With accurately scaled micro-adjusts for the right and left fences and integral feather board hold downs the operator is sure to be pleased.
